Job Title: Fire Sprinkler Design Layout Technician Trainee

Location:

5555 W. Park Ave., St. Louis, MO 63110
5018 Voges Rd., Madison, WI 53718
Southern IL

Company Overview

Boyer Fire Protection is a leading fire protection contractor dedicated to protecting lives and property through high-quality sprinkler system design, installation, and service. We are seeking a motivated Design Technician Trainee to join our team and begin building a career in fire protection system design while learning from experienced designers and industry professionals.

Position Overview

Design Technician Trainee reports directly to the V.P. of Design / Design Manager and is responsible for learning how to create Design Documents of Fire Sprinkler Systems (including submittal and installation drawings, hydraulic calculations, seismic calculations, and stock list of materials) utilizing the appropriate software.

Key Responsibilities

- Learn to design and draft Fire Protection Systems in accordance with all applicable building codes and NFPA standards within the scope of the contract, while conforming piping arrangements to meet standard product or material usage as well as the most efficient installation, fabrication, and stock listing techniques.
- Learn the basics of hydraulic calculations and seismic calculations.
- Represent Boyer in matters of project coordination, scheduling, change requests, and technical assistance.
- Help with obtaining necessary approvals and review of project design data & maintain organized records of active projects in which involved.
- Prepare smaller stocklists to obtain material and fabrication quotes & learn how to stocklist larger projects.
- Participate in turnover meetings, share information, and assist with any follow-up with the customer as requested.
- Learn to assist in managing the projects with Project Managers and Construction Superintendent.
- Learn to assemble for the Project Manager, material, labor, fabrication, design, and any other costs required in a scope revision (change order).
- Prepare proper electronic correspondence (coordination, transmittals, confirmation e-mails, etc) & other duties as required.

Missouri: (314) 241-9944 | Illinois: (618) 222-1500 | Wisconsin: (608) 424-8420
